I certify that the trees will be planted in New Jersey for reforestation and/or conservation projects only. I understand and certify that I will not resell or remove any reforestation stock, obtained pursuant to this agreement, from the property for ornamental use as living trees, or for use as Christmas trees, except for trees severed from the stump in a thinning provided that there is no reduction in the initial acreage reforested. The terms reforestation and conservation mean the planting of trees for legitimate reforestation projects as described in N.J.A.C. 7:3-1.6(b), including lumber and cordwood production, school and youth conservation/education projects, protection of watersheds, soil erosion, and screens for windbreaks and aesthetics. I understand that if I violate any condition of sale of this agreement I am required to reimburse the Department for the cost of the seedlings removed and any administrative costs incurred by the Department as a result of my breach. I have read, understood and agree to be bound by the conditions of sale enumerated in this agreement.
